

Resuelve cada problema.

- 1) How many aristas does a prisma rectangular have?
- 2) How many caras does a pirámide rectangular have?
- 3) How many aristas does a pirámide rectangular have?
- 4) How many vértices does a pirámide rectangular have?
- 5) How many aristas does a prisma triangular have?
- 6) How many aristas does a pirámide rectangular have?
- 7) How many caras does a prisma triangular have?
- 8) How many vértices does a esfera have?
- 9) How many caras does a esfera have?
- 10) How many caras does a pirámide rectangular have?
- 11) How many vértices does a cubo have?
- 12) How many aristas does a cubo have?
- 13) How many aristas does a esfera have?
- 14) How many vértices does a pirámide rectangular have?
- 15) How many caras does a prisma rectangular have?
- 16) How many vértices does a prisma triangular have?
- 17) How many caras does a cubo have?
- 18) How many vértices does a prisma rectangular have?

Respuestas

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
8. _____
9. _____
10. _____
11. _____
12. _____
13. _____
14. _____
15. _____
16. _____
17. _____
18. _____
